

**For** over 30 years, we have been fulfilling a vital mission to encourage the Arts in Dare County through Advocacy, Enrichment and Opportunity. The Dare County Arts Council strongly believes that the Arts are essential to the creation and sustenance of a thriving, vital community. Each year thousands of people of all ages and backgrounds participate in DCAC sponsored Arts programs as performers, artists, audience members, students, visitors and volunteers.

Your membership makes a difference. With your help, DCAC is able to provide:

- A gallery for established and emerging artists
  - Promotion of Arts Education in Dare County Schools and community
- Annual scholarships to graduating high school students
- Connection between arts opportunities and individuals and organizations
  - Funding to community organizations and schools through the North Carolina Arts Council's Grass Roots Grant Program
