

Born in Boston, Massachusetts and growing up along the coast of New England developed in me a love of the sea and marsh lands.

I attended Massachusetts College of Art and Notre Dame College. My early works were in commercial illustration. At this time I was juried into The New Hampshire Artist Association. Proud that one of my Watercolors was chosen to be exhibited in the Governor's Mansion in Concord, NH.

With a move to Pennsylvania, I became a member of the Lancaster Art Association and showed in local galleries. Received several awards for watercolors including Best of Show. During my time in Lancaster, I developed an extensive business doing watercolor and pen and ink renderings of homes that local real estate agents commissioned as gifts for their clients. I also donated my time every year to design and supervise set construction for the annual high school production of Dance Theater.

A subsequent move to Raleigh, NC provided an opportunity to focus on the decorative arts. I have created murals and trompe l'oeil in homes and businesses throughout the Research Triangle, in Greensboro NC, Pennsylvania, and here at the Outer Banks.

Now a full time resident at OBX, I am again close to the beauty of the sea and excited about capturing my surroundings in watercolor and pastels.

Since being here, I have been lucky to have three solo shows, received two excellence awards in the Molly Fearing Shows, an honorable mention in the Beach Book competition, two second place and two honorable mentions in the Landmark Show.

I also joined the Watercolor Society of North Carolina in 2016 and have been accepted five times in their Annual Juried Show, making me a Silver Signature Member.
